

A New Standard of Service

Since launching passenger charter operations in 2010, Atlas Air has flown more than one million passengers around the globe, carrying them to their destinations safely, securely and with market-leading on-time reliability. With our efficient aircraft, tailor-made service and superior performance, Atlas Air passenger charters deliver value anytime, anywhere.

Our modern fleet of 747s and 767s offers the flexibility and comfort that charter brokers and others seek when satisfying customer desires for high-quality service and exceptional in-flight experience, domestically or internationally. Our passengers include pro and college sports teams, musical artists, celebrities, world leaders and group-travel companies. Atlas Air is also a trusted partner of the U.S. Air Force's Air Mobility Command and the U.S. Transportation Command, which rely on us to transport troops around the world.

Our Fleet

Atlas Air passenger fleet consists of some of the best-known and most reliable icons of the skies—the wide-body Boeing 747-400 and the smaller twin-aisle Boeing 767-300ER and 767-200. With flexible seating configurations—between 102 and 470 passengers—Atlas Air's four 747s and five 767s convey passengers safely and comfortably, whether across the country or around the world.

Our Flight Crew

Atlas Air's pilots have years of industry and international experience. Flight attendants take pride in providing in-flight service unique to the needs of charter operations.

Services to Meet Your Needs

Atlas Air offers different types of service— both high-density or luxurious seating configurations—to meet the most demanding charter requirements:

VIP Service

Atlas Air's custom configured executive Boeing 747-400 offers a total of 189 seats, caters to the discerning traveler and offers a refined and fully tailored travel experience.

Comfort Service

747-400: Our 470-seat Boeing 747, of which 23 are business-class seats, is ideal for moving large groups efficiently yet comfortably.

767-300ER: Our Boeing 767-300ERs have a small business class section and up to 240 seats with mostly a 32-inch-pitch configuration. It is ideal for groups who expect maximum flexibility and comfort.

767-200: With up to 102 business class seats, our Boeing 767-200 is ETOPS registered and offers one-of-a-kind service for passengers who demand the best.

Have a Last-Minute Request From a Customer?
